

CERTIFICATE

Testing of

NEUTRITE S7®
Euroiset Italia S.r.l.

With the result of the test
(laboratory No. 01/30 611 0329,
May 7th 2001)
we confirm, that

NEUTRITE S7®

is a non-pulling neutralising denaturant agent
for sulphuric and other acid radicals
and it has a high adsorbing and fixing capacity
on the liquids.

A handwritten signature in black ink, appearing to read 'J. Höckel', is written over a horizontal line.
